

[Date]

[Patient Name]

[Patient Address]

[City, State, Zip Code]

Dear [Patient Name],

I am writing to follow up on your recovery following your recent procedure on [Date of Surgery]. Our team would like to ensure that your healing process is progressing as expected.

Please take a moment to review the following questions regarding your current status:

- How would you rate your current pain level on a scale of 1 to 10?
- Have you experienced any redness, swelling, or unusual discharge at the incision site?
- Have you had a fever or chills since returning home?
- Are you able to manage your daily activities and prescribed medications?

If you are experiencing any shortness of breath, chest pain, or a high fever, please seek emergency medical attention immediately.

If you have any questions or would like to schedule your follow-up appointment, please contact our office at [Phone Number] or reply to this message.

Wishing you a continued and steady recovery.

Sincerely,

[Doctor/Provider Name]
