Re: Review of Prescription Drug Monitoring Program (PDMP) Report

Dear [Patient Name],

As part of our commitment to your safety and in compliance with state regulations regarding the prescription of controlled substances, this office recently performed a routine review of your Prescription Drug Monitoring Program (PDMP) report.

The PDMP is a database used by healthcare providers to track prescriptions for controlled substances. This review is conducted to ensure that all medications are being managed safely and to prevent potential drug interactions or complications.

During our most recent review, we noted the following:

[Insert specific findings or state: "Your report is consistent with our current treatment plan."]

Based on this information, we would like to discuss your medication plan further. Please contact our office at [Phone Number] to schedule an appointment or to speak with a member of your clinical team.

Providing you with safe and effective care is our primary goal. We appreciate your cooperation in this matter.

Sincerely,

[Provider Name/Signature]
