

[Date]

[Patient Name]

[Patient Address]

[City, State, Zip Code]

Dear [Patient Name],

We are writing to provide you with the results of your recent radiology scan ([Type of Scan, e.g., MRI, CT, X-ray]) performed on [Date of Service].

The radiologist has reviewed your images and determined that the results are currently inconclusive. This means that the images do not provide a definitive answer or a clear diagnosis at this time. This can happen for several reasons, such as the position of the body during the scan, the need for a different type of imaging, or findings that require monitoring over time.

To ensure we have the most accurate information regarding your health, the following next step is recommended:

Recommended Action: [e.g., Repeat scan in 3 months / Schedule a different imaging test / Specialist consultation]

Please contact our office at [Phone Number] at your earliest convenience to discuss these results in more detail and to schedule your follow-up appointment or procedure.

If you have any questions in the meantime, do not hesitate to reach out to us.

Sincerely,

[Physician Name]
