

Subject: Food Allergy Test Results - [Patient Name]

Dear [Patient Name],

We are writing to provide you with the results of your recent food allergy testing panel conducted on [Date of Test].

Test Results Summary:

[List test results here, e.g., Peanut: Positive/Negative, Dairy: Positive/Negative]

Next Steps:

- Review the attached laboratory report for specific IgE levels.
- Schedule a follow-up appointment to discuss these findings and create a management plan.
- If any results indicated a "Positive" reaction, please avoid that specific food until we speak.

If you experience any symptoms of a severe allergic reaction (such as difficulty breathing or swelling), seek emergency medical care immediately.

To schedule your follow-up consultation, please call our office at [Phone Number] or use our online portal.

Sincerely,

[Doctor Name]
