

Subject: Protect Your Belongings with Renters Insurance

Dear [Tenant Name],

We want to ensure that your home and your personal belongings are fully protected. While our property insurance covers the building itself, it does not cover your personal property or your personal liability.

We highly recommend that you consider the benefits of renters insurance:

- **Personal Property Coverage:** Protects your clothes, electronics, and furniture from theft, fire, or water damage.
- **Liability Protection:** Covers costs if someone is injured in your home or if you accidentally damage someone else's property.
- **Additional Living Expenses:** Helps pay for temporary housing if your apartment becomes uninhabitable due to a covered loss.
- **Affordability:** Most policies are very inexpensive, often costing less than a few cups of coffee per month.

Many insurance providers offer discounts if you bundle renters insurance with your auto policy. We encourage you to contact your insurance agent today to get a quote and learn more about your options.

Sincerely,

[Your Name/Property Management]
