Subject: Protecting Your Business from Growing Cyber Risks

Dear [Client Name],

We value the trust you place in [Agency Name] to protect your commercial property at [Property Address]. While your physical assets are currently secured, we want to ensure your digital assets are equally protected.

Cyber-attacks and data breaches are becoming more frequent and costly for businesses of all sizes. Unfortunately, standard commercial property and general liability policies often do not cover losses related to cybercrime.

A Cyber Liability Insurance policy can protect your business from:

- Data breach notification costs
- Ransomware and cyber extortion payments
- Loss of income due to system interruptions
- Legal fees and regulatory fines
- Credit monitoring for affected customers

As we already manage your property insurance, we can easily review your current profile to find a cyber policy that fits your specific needs and budget.

Please contact me at [Phone Number] or [Email Address] for a quick quote or to discuss how this coverage can safeguard your business operations.

Sincerely,

[Your Name]
