Subject: Protecting Your Business Against Employment-Related Risks

Dear [Client Name],

As we continue to manage your Professional Liability insurance, I want to ensure your business is protected from other significant operational risks. While your current policy covers errors in your professional services, it typically does not cover claims arising from your role as an employer.

In today's legal environment, businesses face an increasing number of lawsuits related to employment practices. We recommend adding Employment Practices Liability Insurance (EPLI) to your portfolio to protect against allegations such as:

- Wrongful termination
- Discrimination (age, sex, race, disability, etc.)
- Sexual harassment
- Retaliation
- Wage and hour disputes

Even if an allegation is groundless, the legal fees required to defend your firm can be devastating. An EPLI policy provides the necessary resources to handle these claims, including legal defense costs and settlements.

I would like to schedule a brief call to discuss how an EPLI policy can be integrated with your current coverage. Please let me know if you are available on [Day] at [Time], or feel free to contact me at your earliest convenience.

Thank you for your continued trust in our services.

Best regards,
