

[Date]

To [Name of Driver/Family Member],

This letter is written to formally express my support for the **Family Safe Driving Agreement** we have discussed. The primary goal of this agreement is to ensure the safety of everyone in our family and the safety of others on the road.

By committing to this agreement, we are promising to follow key safety rules, including:

- Always wearing a seatbelt.
- Never using a mobile phone while driving.
- Respecting speed limits and traffic signals.
- Never driving under the influence of alcohol or drugs.
- Communicating openly about driving concerns or fatigue.

I believe that having these expectations in writing helps us stay accountable to one another. My support for this agreement comes from a place of care and a desire to see you reach your destination safely every time you get behind the wheel.

I am committed to following these same rules myself and to being a positive example of responsible driving. Let us work together to maintain a culture of safety within our family.

Sincerely,

[Your Name]

[Your Relationship]

Acknowledgment:

I have read the Family Safe Driving Agreement and understand my responsibilities as a driver.
