Subject: Important Information Regarding Your Property's Earthquake Risk

Dear [Policyholder Name],

We are writing to inform you that based on updated geological surveys, your property located at [Property Address] has been identified as being in close proximity to a known fault line. Due to this geographic location, your property may be at a higher risk for seismic activity.

Standard homeowners insurance policies typically do not cover damage caused by earthquakes. Without specific earthquake coverage, you may be responsible for the full cost of repairs or rebuilding in the event of a seismic disaster.

We are now offering specialized Earthquake Coverage tailored for properties near fault lines. This coverage can include:

- Structure repair and replacement
- Personal property protection
- Loss of use / Additional living expenses
- Debris removal

Protecting your investment is our priority. We recommend reviewing your current policy to ensure you have the protection you need. Please contact your agent at [Phone Number] or reply to this email to receive a personalized quote or to discuss your options.

Sincerely,

[Agent Name]
