Dear [Independent Contractor Name],

We are pleased to offer you the opportunity to enroll in our **Rideshare Independent Contractor Gap Coverage** plan. As an independent contractor, we understand that protecting yourself and your vehicle during all phases of your work is a priority.

What is Gap Coverage?
Most standard personal auto insurance policies do not cover you while your rideshare app is on but you have not yet accepted a trip (Phase 1). This plan is designed to bridge that insurance gap, providing you with continuous protection while you are logged into the platform.

Plan Benefits Include:

- Liability protection during Phase 1 of app usage.
- Collision and comprehensive coverage (subject to deductible).
- Affordable monthly premiums deducted directly from your earnings.
- Flexible enrollment with no long-term commitment.

How to Enroll:
To review the full policy terms and activate your coverage, please visit your contractor dashboard at [Link] or reply to this email with "ENROLL."

If you have any questions regarding this offer or your current insurance requirements, please contact our support team at [Phone Number] or [Email Address].

Best regards,

[Your Name/Company Name]
