Subject: Short-Term Health Insurance Options for Independent Contractors

Dear [Recipient Name],

As an independent professional in the gig economy, we understand that maintaining consistent health coverage can be a challenge between long-term projects or during transition periods. We are writing to provide you with information regarding short-term health insurance options currently available to you.

Short-term health insurance plans are designed to bridge gaps in coverage. Key features of these plans typically include:

- **Flexible Duration:** Coverage can last from 30 days to nearly 12 months, depending on state regulations.
- **Rapid Enrollment:** Coverage often begins as early as the day after your application is approved.
- **Lower Premiums:** Monthly costs are generally lower than standard ACA-compliant plans.
- **Customizable Benefits:** You can choose your deductible and out-of-pocket maximums to fit your current budget.

Please be advised that short-term plans are not intended to be permanent solutions. They may not cover pre-existing conditions or essential health benefits like maternity care or mental health services. We recommend reviewing the policy details carefully to ensure the plan meets your immediate needs.

If you would like to explore specific quotes or compare available carriers, please visit [Website Link] or contact our benefits department at [Phone Number].

Sincerely,

[Your Name/Organization Name]
