Subject: Preparing [Company Name] for Series A: Cyber Liability Insurance

Dear [Founder Name],

Congratulations on reaching the Series A funding stage. This is a significant milestone for [Company Name].

As you transition from seed stage to Series A, your risk profile changes significantly. Most institutional investors now require comprehensive Cyber Liability Insurance as a condition of their Term Sheet. This coverage is essential not only for compliance but to protect your balance sheet against data breaches, ransomware, and operational disruptions.

I specialize in helping high-growth startups navigate the insurance requirements of venture capital rounds. I would like to discuss how we can:

- Review your current digital assets and risk exposure.
- Ensure your coverage meets the specific requirements of your Series A investors.
- Implement the necessary security controls to secure the most competitive premiums.
