**Re: Advance Conflict Waiver for Intellectual Property Matters**

Dear [Client Contact Name],

This letter follows our discussion regarding [Law Firm Name]'s representation of [Client Name] ("the Client") in connection with [Description of Current IP Matter].

As we discussed, our firm represents many clients in the field of intellectual property. It is possible that in the future, we may be asked to represent other current or new clients in matters that are adverse to your interests, provided those matters are not substantially related to the specific work we are performing for you.

By signing this letter, the Client agrees to waive any potential conflicts of interest that may arise from our representation of other clients in the following areas:

- Patent prosecution or trademark filings in unrelated technology areas.
- Intellectual property litigation where the Client is an adverse party, provided the matter is unrelated to our specific legal work for you.
- Licensing negotiations or transactions where the Client is the counterparty.

This waiver is subject to the following conditions:

1. The firm will not use any confidential information obtained from the Client to the Client's disadvantage.
2. An ethical wall will be established to ensure that the attorneys working on the Client's matters are separated from attorneys working on matters adverse to the Client.
3. The firm will not represent another client in a matter that is "substantially related" to the specific legal services we have provided to you.

Please confirm your agreement to this advance conflict waiver by signing and returning a copy of this letter.

Sincerely,

[Attorney Name]

[Law Firm Name]
