RE: NOTICE OF PATENT INFRINGEMENT - [PATENT NUMBER(S)]

Dear [Recipient Name],

This law firm represents [Patent Owner Name] ("Client") in intellectual property matters. Our Client is the owner of all right, title, and interest in and to U.S. Patent No. [Insert Patent Number], titled "[Insert Patent Title]" (the "Patent").

It has recently come to our Client's attention that [Recipient Company] is manufacturing, importing, marketing, and/or selling [Product Name/Model Number] (the "Infringing Product"). After a diligent review of the Infringing Product and the claims of the Patent, we have determined that the Infringing Product incorporates each and every element of at least one claim of the Patent.

Specific reference is made to [identify specific claim, e.g., Claim 1], which covers [brief description of technology]. Your unauthorized use of this patented technology constitutes infringement under 35 U.S.C. § 271.

Our Client values its intellectual property rights and is prepared to take all necessary legal action to protect those rights. However, in the interest of resolving this matter in good faith without the need for costly and protracted litigation, we demand that [Recipient Company] immediately:

1. Cease and desist from all further manufacture, sale, offer for sale, and importation of the Infringing Product;
2. Provide an accounting of all sales and profits derived from the Infringing Product to date; and
3. Destroy or surrender all remaining inventory of the Infringing Product.

Please provide a written response by [Date, e.g., 14 days from today] confirming your compliance with these demands. Failure to respond may leave our Client with no choice but to pursue formal legal remedies, which may include seeking injunctive relief, treble damages for willful infringement, and attorney's fees.

This letter is sent without prejudice to our Client's rights and remedies, all of which are expressly reserved.

Sincerely,

[Your Name/Attorney Name]
